

Free for local businesses: how to be found by tourists on Romagna Tourism

Farm stays, craft shops, museums, guides, hire services and associations can join the portal at no cost. Just fill in a form.

Romagna Tourism was created to help visitors to Romagna find their way around: to do this, it needs to know about the businesses that bring the area to life. That is why listing on the portal is free.

What is already there

The site currently lists nearly 400 farm stays, over 1,100 beach establishments, 277 travel agencies and tour operators, 325 craft shops, 143 museums, 78 hire services, 24 tourist guide associations and thousands of places to sleep and eat, drawn from open sources such as OpenStreetMap and official websites.

If your business is missing

From the "List your business" page, anyone who cannot find their business can report it free of charge: the editorial team checks it and publishes it in the right section, in all the languages of the site.

Become our friend

The "Become our friend" page brings together in one place the ways to be found by tourists. The aim remains to help visitors who arrive looking for something specific.

For authorities and areas

Municipalities, municipal unions and consortia can also request a portal like Romagna Tourism for their own area: the proposal is on the "For areas" page.

Errors or missing information can be reported using the "Report to us" box at the bottom of every page on the site.

Romagna Tourism at a glance

Romagna Tourism (romagnatourism.it) is an independent travel portal about Romagna, online since 16 October 2026. It describes 185 towns from Bologna to Pesaro, from the sea to the Apennines, in 11 languages: the events calendar, museums, castles and monuments, nature, cycle routes and long walks, food and local products, history, famous people and dialects, together with practical services updated in real time such as trains, flights, buses and traffic. It is an editorial project of Passione

Turismo di Bacchini Alessandro: it informs visitors, sells no packages and uses no cookies.
